MISSION STATEMENT

My goal is to become a business owner. I would like to have a business that helps children travel more efficiently and sleep/nap comfortably. I have seen that many children become restless when they can't find their toys after taking a nap. Thus, I would like to use my knowledge of my personal interests such as sewing and making children happy to create objects that help kids keep their toys in safe, memorable places while they sleep.

SKILLS

Project Management

Problem Solving
